Q2

What are the benefits and/or challenges of Calendar Example 1 for High School Students?

Answered: 16 Skipped: 0

As much as I do like school being finished by Memorials day, I do not like the idea of having no Fall Break. The break after the first term of school is helpful especially to students who are transitioning between schools, after being stressed out with school starting once again.

4/23/2018 6:42 PM

There is no fall break.

4/23/2018 6:40 PM

Some benefits are a later school start date and an earlier ending date. I don't think anyone would go for this calendar because there is no Fall Break. There would be a large objection from students and parents, because students need some time off the regular schedule.

4/23/2018 6:40 PM

No fall break, but still the same amount of days for school.

4/23/2018 6:39 PM

No fall break would be a challenge. The beginning few months of school can be a difficult adjustment and I

What are the benefits and/or challenges of Calendar Example 2 for High School Students?

Answered: 16 Skipped: 0

The benefits of calendar 2 is that it is a nice balance of the decisions being made between each calendar. School is also over by Memorial Day, which is helpful to many activities and sports. Also, the five days more in second semester than first semester will go unnoticed by many students.

4/23/2018 6:42 PM

You have breaks scattered out throughout the year. This makes it easier for students to study.

4/23/2018 6:40 PM

This calendar is very similar to what we've had the past couple years and I believe is the most effective. I think everything listed is fair, although not everyone will like it.

4/23/2018 6:40 PM

benefit: Same that we have had before. All breaks, ends before Memorial Day, school ends soon enough. Just overall more smaller breaks which works better for me personally.

4/23/2018 6:39 PM

It's similar to the schedule we're already on so there wouldn't be too much adjustment required. I also enjoy the full week for thanksgiving

Q4

What are the benefits and/or challenges of Calendar Example 3 for High School Students?

Answered: 16 Skipped: 0

Although Calendar 3 starts later, it also ends later, which I believe will affect many students summers. It is not over by Memorial Day, which is a huge day between many facilities and the start of summer. It would be EXTREMELY difficult if first semester finals are taken after break.

4/23/2018 6:42 PM

Calendar 3 has students take the final after winter break which is very uneasy for many students.

4/23/2018 6:40 PM

The main problems are not ending by Memorial Day and ending in June. A lot of high school students will start working in June as that's when businesses hire, and it is very inconvenient.

4/23/2018 6:40 PM

Bad: ends very late and starts very late. 1st semster ends the 24th of January. don't like. Would choose calendar 1 before calendar 3 but I like calendar 2 the best.

4/23/2018 6:39 PM

The timeframe is shifted later which I feel would be a difficult adjustment. The first semester ends January 24th, which I wouldn't enjoy because I'm used to and enjoy staring the new semester on the new year.

Other Comments

Answered: 12 Skipped: 4

I have not found anything to dislike with Calendar 2.

If there was a way for Calendar 2 to balance you the days of semester 1 and 2, that would be preferable, but not a big issue for me. 4/23/2018 6:40 PM
Awesome job!! The calendars were amazing! 4/23/2018 6:39 PM
The second calendar is the most preferable for students because of the start dates and the inclusion of all breaks. 4/23/2018 6:38 PM
