eLearning Expectations

An eLearning option will also be offered at each of our schools as an alternative to in-person learning for families who prefer their student(s) continue learning remotely. A combination of synchronous and asynchronous instruction will be provided. Families will have the opportunity to reevaluate at the semester (after winter break)

- Consistent daily schedules with a combination of asynchronous and synchronous instruction
- Daily attendance for required synchronous instruction
- All synchronous instruction recorded
- Delivery of content through Google/Canvas LMS
- Grades

Parent Support for eLearning

- Familiarize yourself with your child's learning platform (Google Classroom, Canvas)
- Establish a regular routine and place for students to work on assignments and join (synchronous) online classes for example, a small desk or section of the kitchen table
- Ask questions to clarify assignments
- Notify your child's teacher if your student is unable to participate, just as you would report a normal absence and ensure that student is participating in learning on elearning days in order to be considered in attendance
- Partner with your child's teacher to support ongoing academic growth
- Attend either virtually or in person school information sessions regarding e-Learning
- Read and communicate regularly with your student's teacher to understand schedules, assignments and expectations
- Encourage physical activity
- Monitor student's time online

Edgenuity

“**What is it?** Edgenuity is a bank of customizable online courses that are aligned to state standards. They combine direct-instruction videos featuring expert, on-screen teachers with rigorous assignments, performance tasks, and assessments to engage students and ensure subject-area mastery.” - Edgenuity Website

K-5 Edgenuity

- Academic content only available at K-5 to 100% online students

- SEL content only available at K-5 to 100% online students

SEL curriculum can support teacher embedded or counselor delivered. At the K-5 level the lessons are on **a different platform** and can be delivered synchronously or asynchronously, as a full length, free-standing course, or as small 20-30 minute “modules” that are topically organized.

6-12 Edgenuity

- Academic content available to all students at 6-12

- SEL content available to all students at 6-12
SEL curriculum can support teacher embedded or counselor delivered. At the 6-12 level the lessons are on the same platform and can be delivered synchronously or asynchronously, as a full length, free-standing course, or as small 20-30 minute “modules” that are topically organized. Because the 6-12 curriculum is on the same platform as our core courses, you can also pull individual modules or lessons and include the SEL content in core subjects.

Edgenuity is the parent company that provides online content and full courses. The K-5 and 6-12 solutions operate on different platforms and different integrations but offer similar types of content.

Edgenuity content could be offered as stand alone interactive content with the ability for the teacher to assign lessons, monitor assessment data, and class progress. The content courses are also customizable so that a teacher can add his/her content as well.

Video library to access more examples and supports within Edgenuity:
<https://www.edgenuity.com/video-library/?vid=2890381971001>

How do we know it is rigorous?

This online solution offers courses within ELA, Math, Science, Social Studies, Health, Art, SEL at the elementary (K-5) level. At the high school, there is a more comprehensive list of courses to also include courses such as World Language(s), General Electives, some AP courses and SEL courses.

“The courses are aligned to common core standards. The assessment and assignments offer questions that foster critical thinking and analytical skills.” -Edgenuity

With DCSD licensed teachers teaching the content, it can be customized with additional resources if needed to further meet student needs.

K-5th Grades:

- 1000 Full-time virtual enrollments. Douglas county has open enrollment beyond 1000 and can utilize on demand. Edgenuity will monitor usage and bill overages quarterly at \$200 per student. This curriculum is to be overseen by Douglas County Teachers of Record
- SEL Curriculum Access for 100% Virtual Students

6th - 12th Grades:

- Comprehensive course access for all Douglas county students grades 6-12
- SEL Course Content accessible at the same level
- Edgenuity teachers of record can be available on demand as an optional support

Professional Development

- Webinars to support the 6-12 teachers
- SEL Specific Webinars for all teachers
- Train-the-Trainer Package for K-5 Virtual Teachers
- Access to our Asynchronous On-Demand Training Web Page for continued support

6th - 12th Grades:

- Comprehensive course access for all Douglas county students grades 6-12
- SEL Course Content accessible at the same level
- Edgenuity teachers of record can be available on demand as an optional support

Professional Development

- Webinars to support the 6-12 teachers
- SEL Specific Webinars for all teachers
- Train-the-Trainer Package for K-5 Virtual Teachers
- Access to our Asynchronous On-Demand Training Web Page for continued support

Research and Reviews

- Schools in DCSD have used OdysseyWare online content solution for Credit Recovery and have moved to Edgenuity which is more comprehensive and can be utilized as credit recovery and/or as another online option for students to gain credit in electives, Advanced Placement, Career and Technical CTE courses and it also provides Social Emotional Courses and support to use in an extended online platform.
- We compared Florida Virtual and Edgenuity as two comparable platforms to provide a foundation for our eLearning and Hybrid courses to support all of our teachers in DCSD
- Ed Reports are from 2015-They reviewed only 6-8 Math. Because units do not reflect the coherence and focus from unit to unit, they are ranked low.

General **Sample** Weekly Instructional Expectations

The following sample is presented to offer ideas to help with planning and ideas for what a day might look like for students

Monday:

- Weekly email will go out to parents and students with learning objectives, assignments, and daily virtual meeting schedules

Monday-Friday:

- Students will work asynchronously on content assigned through Edgenuity
- Teacher will have synchronous meetings with groups of students to provide feedback and targeted instruction

Edgenuity content could be offered as stand alone interactive content with the ability for the teacher to assign lessons, monitor assessment data, and class progress. The content courses are also customizable so that a teacher can add his/her content as well.

Availability for Hybrid Teachers

We recently purchased full math, phonics and science programs for all of our Elementary Schools. Each of these programs provides digital resources that can be used to support hybrid learning. Additionally, the importance of maintaining a consistent approach to learning, materials, expectations, scope of learning will be very important for our students if we need to move in or out of hybrid learning.

- STEMScopes
- Envision, Ready Math
- Benchmark
- Reading A-Z
- Discovery Streaming

Other Options

Florida Virtual

- Would need supplemental specials and electives courses
- Approx. \$172/student

eDynamics

- Additional specials and electives courses
- \$80/student
- Already included as baseline specials offerings within Edgenuity

*Edynamics: *The specials courses in Edgenuity are from edynamics.*

Accessibility Features

- Lesson Support Tools:
- Enotes tools
- Direct instruction
- Annotate directly on lesson and type notes, symbols and special characters, equation editor
- Online dictionary
- Closed-captioning able to be turned on by student
- Transcript available
- Translates into 17 languages. (ex: student can translate transcript into home language and follow along with instruction in English)

Social and Emotional Learning

Our current model will focus on providing training on the SEL content to guidance counselors, mental health providers, and/or selected building Points of Contact. This group will then serve as consultants to help teachers integrate this content into appropriate learning experiences for students.
